### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Morris Liss (Reg # 24,510) on 4/26/07.

The application has been amended as follows:

In claims 12, 13, 14, respectively at line 1, change the number "1" to - - 11 - -.

Also in claim 16, line 1, change the number "5" to - - 15 - -.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a data logger for use on a sports rowing craft comprising a microcontroller with a clock to interrogate the global position sensor at a frequency of at least 1Hz and to measure the accelerometer data; physiological sensors adapted to be fitted to each crew member and arranged to communicate with the microcontroller; the

microcontroller being programmed to manipulate the received data and transform it into useful parameters for assessing crew and craft performance; and selectively including storage means for storing the parameters; and telemetry means for transmitting the parameters to a remote control point. These limitations are neither taught nor obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
